About Me

Driven student passionate about translating technical knowledge into innovative software solutions. Eager to leverage strong problem-solving skills and a growth mindset to contribute to a collaborative development team.

Education

- **Higher National Diploma in Information Technology(NVQ 6)**
Sri Lanka Institute of Advanced Technological Education, Anuradhapura.
April 2022 - Second Year Completed
(GPA - 3.93)

Followed Courses

- Trainee - Full Stack Developer - University of Moratuwa
- Android Basics with Compose - [Google Developers](#)

Projects

- **Vehicle Parking System** ([GitHub](#))
Developed using **.Net Framework, C#, SQLite, Visual Studio**
Innovative Vehicle Parking Manager application that automates parking fee calculations, streamlines slot management, and enhances income tracking for vehicle parks.
- **Phone Finder** ([GitHub](#))
Developed using **XML, Kotlin, Room DB, Android Studio**
This app uniquely enables users to control and locate their lost phones via text messages without requiring an internet connection.
- **Edu Buddy** ([GitHub](#))
Developed using **Dart, Flutter, SQLite, Android Studio**
Mobile application developed to create, read, share and remember short notes efficiently and create studying time tables.
- **Phone Finder Pro** ([GitHub](#))
Developed using **Jetpack Compose, Kotlin, Room DB, Android Studio**
This project is an upgraded version of the original Phone Finder application, incorporating advanced features and improved design patterns.
- **Classic Calculator** ([GitHub](#))
Developed using **Jetpack Compose, Kotlin, Android Studio**
This is a classic calculator app designed for Android devices. It features a clean and intuitive interface with a dark or light theme.
- **Portfolio Website** ([GitHub](#))
Developed using **Dart, Flutter, Android Studio**
This is a classic calculator app designed for Android devices. It features a clean and intuitive interface with a dark or light theme.

Skills

- Programming Languages : **Dart, C#, Java, Kotlin, Python, PHP**
- Frameworks : **.Net Framework, Flutter, Jetpack Compose**
- Web Development : **HTML, CSS, JavaScript**
- Databases : **SQLite, MySQL**
- Tools and Environments : **Visual Studio, Android Studio, Visual Studio Code**
- Version Control : **Git/GitHub**
- Design Tools : **Figma, Adobe Photoshop, Adobe XD, Adobe Premiere Pro**
- Architectural Patterns : **MVVM**

Core Competencies

Problem-solving / Lifelong learning / Teamwork / Communication / Coding skills

Languages

- English
- Sinhala
